

"It's very hard for a parent to accept that their child has special needs, and that's where I admire the staff. When I enrolled my son, he had some challenges talking and interacting, but he is very smart. Ms. Fatema and Ms. Brooke were very patient with him.

At some point, some of his symptoms started to show more, and they worked with me to understand that an evaluation will help to determine if he needed a special program. They didn't just tell me that there was something wrong with him and gave up.

Even when the specialist was already there, they continued working with him patiently, and giving him love and attention. They never made him feel like he was different. I know he'll get good care at the SPED school, but the love I felt from everyone at Greatstart, including from the owners, made it hard for me to go. I love you all. Thank you so much for everything."

our MISSION

Learning Well. Enjoying Life.
Exceeding Expectations.

Our daily drive is to be a school where great learning takes place within a warm, supportive and creative environment. Through experienced and enthusiastic teachers, children's learning is personalized and challenges them to develop their thoughtfulness and confidence while increasing their knowledge and skills. Integral to this is our commitment to working in partnership with parents in the learning process, and a strong drive to ensure we broaden children's experiences of international-mindedness and cultural diversity.
